Item I)

Dear Ms Duarte:

The Boeing Company is pleased to provide comments to the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council on this interim rule with request for comments regarding the "Definition of Information Technology."

Our specific comments regarding FAR Case 2004-030, Item I are:

Page 43578, "2.101" Definitions:

The first paragraph of item number 2 of the interim rule outlines in detail how revisions should be made to the current language of the FAR to conform to the requirements of the interim rule as published.

We believe that a misprint has been published in the Federal Register in section 2.101 "Definitions" the changes specified in the first paragraph of the interim rule have not been incorporated into the new language of section 2.101 "Definitions" found on page 43578 of the Federal Register notice.

Should you have any questions or require any further assistance please contact Mark Olague at telephone (253) 773-2173.

Sincerely,

Mark A. Olague
